Dear Rafael:

Thank you for sharing the testimony of witness who experienced seeing a personal view of an apparition.

A Tidings employe in advertising named Mrs. Angelina Valenzuela, attended a showing at your place about 10 days ago or so, and an instance occurred when everyone went out on the balcony to see what this witness describes.

Our employe had the impression that the crowd seemed oblivious of the danger of overloading the balcony. She did not see any apparition, and wonders, questions the situation.

The messages from Medjugorje I've seen seem so simple, yet not quite like those of Lourdes, Guadalupe, Fatima.

The latest Orange Bulletin of my Diocese in Cypress has this criticism of Medjugorje that you may perhaps had not yet seen.

I'm not making a judgment -- just passing along for your awareness of criticism we might receive.

Sincerely,

Ed Peffer
