THE SUN CAT

A few short years ago Clark Mills was casting about for a new idea in a shoal daysailer that would rig and sail easily, quickly and comfortably. It would also need to, gracefully, accommodate his family and friends. Clark began to focus on developing a new "modern breed of Catboat". The Sun Cat was designed as an easily driven, roomy day boat and over-nighter with a shoal draft to gunk hole along coasts and in harbors not accessible to more burdensome yachts. Outfitted with the MASTENDR™ quick rig sailing system and, stainless steel centerboard/trunk, as installed on her little sister the Picnic Cat, the Sun Cat will provide endless hours of convenient trailering and maintenance free enjoyment. Individuals who appreciate timeless design and quality fabrication, who wish to explore

coastal waters and quiet creeks, who demand more-than-normal value from a yacht, will warmly relate to the "New Tradition" that the Sun Cat brings.

SPECIFICATIONS•LOA-17'4"•LOD-16'8"•LWL-15'•Beam-7'3"
•Draft, board up-14"•Draft, board down-54"•Disp-1500Lbs • Sail Area-150Sq.Ft.
